Ajman Statistical Yearbook

2025

Eighteenth Edition

The statistical data help in facilitating and simplifying sound planning processes and decision-making and in providing the needs of researchers and investors with the correct statistical figures to find out the reality of facts and to access a comprehensive and successful planning.

**His Highness Sheikh
Humaid bin Rashid Al Nuaimi**

Member of the Federal Supreme Council
- Ruler of Ajman

Statistics are the cornerstone of growth and development of human capacity. It is an important pillar in the policy development of Ajman Government and in any future projects that are based on the emirate's potentials and the actual needs of its population, especially that Ajman is on the verge of a package of development and investment projects in all fields to achieve Ajman vision.

**His Highness Sheikh
Ammar bin Humaid Al Nuaimi**

Crown Prince of Ajman -
Chairman of the Executive Council

We are pleased to present to you the annual statistical book of the Emirate of Ajman in its 18th edition for the year 2025, which includes comprehensive and detailed statistical data on various economic sectors and vital activities in Ajman for the year 2024. This work was in line with the directives of His Highness Sheikh Humaid bin Rashid Al Nuaimi, Ruler of Ajman, and His Highness Sheikh Ammar bin Humaid Al Nuaimi, Crown Prince of Ajman and Chairman of the Executive Council. In this release, the Ajman Statistics Center has harnessed all its capabilities to provide a comprehensive and integrated package of data, statistics and figures that will meet the needs of businessmen, decision makers, researchers and students. This publication includes a number of sectors including: Population & Vital Statistics, Labour Force, Money & Business, Trade, Building & Construction, Agriculture & Livestock, Transportation, Education, Health, Environment & General Health, Safety & Security, Islamic Affairs & Awqaf, Tourism, National Accounts, Institutions Public Benefit, Consumer Price Index, Climate. Finally, we are pleased to extend our sincere thanks and appreciation to all local and federal departments and institutions in Ajman for their continuous support and cooperation in providing us with the statistical data and information that have had an effective impact in the issuance of this book that will contribute in supporting decisionmakers and will help researchers, businessmen and investors to create an accurate idea about the reality in the Emirate of Ajman.

HE Dr. Hajar Saeed Al-Hubaishi
General Manager of Ajman Statistics Center

About ASC

The Ajman Statistics Center has been established pursuant to the Amiri Decree No. 8 of 2022. The Center is the competent local authority in Ajman and the main source and the sole reference in respect of statistical affairs prescribed in this Decree.

The Center aims at realizing the following objectives:

Organization and development of statistical activities, so that the interests of the UAE and the Emirate are achieved.

Development of an integrated local statistical system.

Supporting the decision making system of the government through providing accurate and up-to-date data and information.

The Vision

To enhance Ajman's future through the use of Knowledge.

The Mission

To promote statistical efforts through the application of best practices and following the scientific and statistical methodologies as well as internationally recommended standards to meet the needs of data users and decision makers in the Emirate.

The Values

Quality

Creativity & Innovation

Fairness

Confidentiality

Professionalism

Transparency

Credibility

General Information about Emirate of Ajman

Ajman Emirate consists of three different and separated regions as per the topographic and its distance from Arab gulf. These regions are Ajman city, Masfout Region, Manama Region. The Emirate is characterized by moderate climate and humidity. Humidity increases during summer but in winter, the temperature drops.

Source : Ajman Multiplicity and Planning Department

Ajman City

Ajman City is the capital of the Emirate where the residence of Ajman's ruler as well as other governmental departments, companies, banks, and factories are located, its seaport and port overlooks the Arabian Gulf coast. Owing to its strategic location and economic growth, Ajman City has become a center of attraction for investors and entrepreneurs, facilitating a masterful renaissance, characterized by a unique blend of modern architecture and ancestral heritage.

Masfout Region

The Masfout Region is about 110 kilometers to the southeast, and consists of the City of Masfout, as well as the Mazeyrah Region and Al Sabgah. Its residents are descendants of prominent tribes, such as the Bedouin tribe and the Bani Ka'eb tribe. The region is known for its fertile soil, expansive valleys and mild climate, making Masfout Region a magnet for tourism. The region is also characterized by its magnificent natural scenery, boasting with high mountains such as Mount Dafta, Mount Leshan and the White Mountain. Some of the most prominent wide valleys in the region include the Ghalfa Valley, Al-Sawmar Valley, Masfout Valley, Khanfariyah, and the Wadi dafda

Manama Region

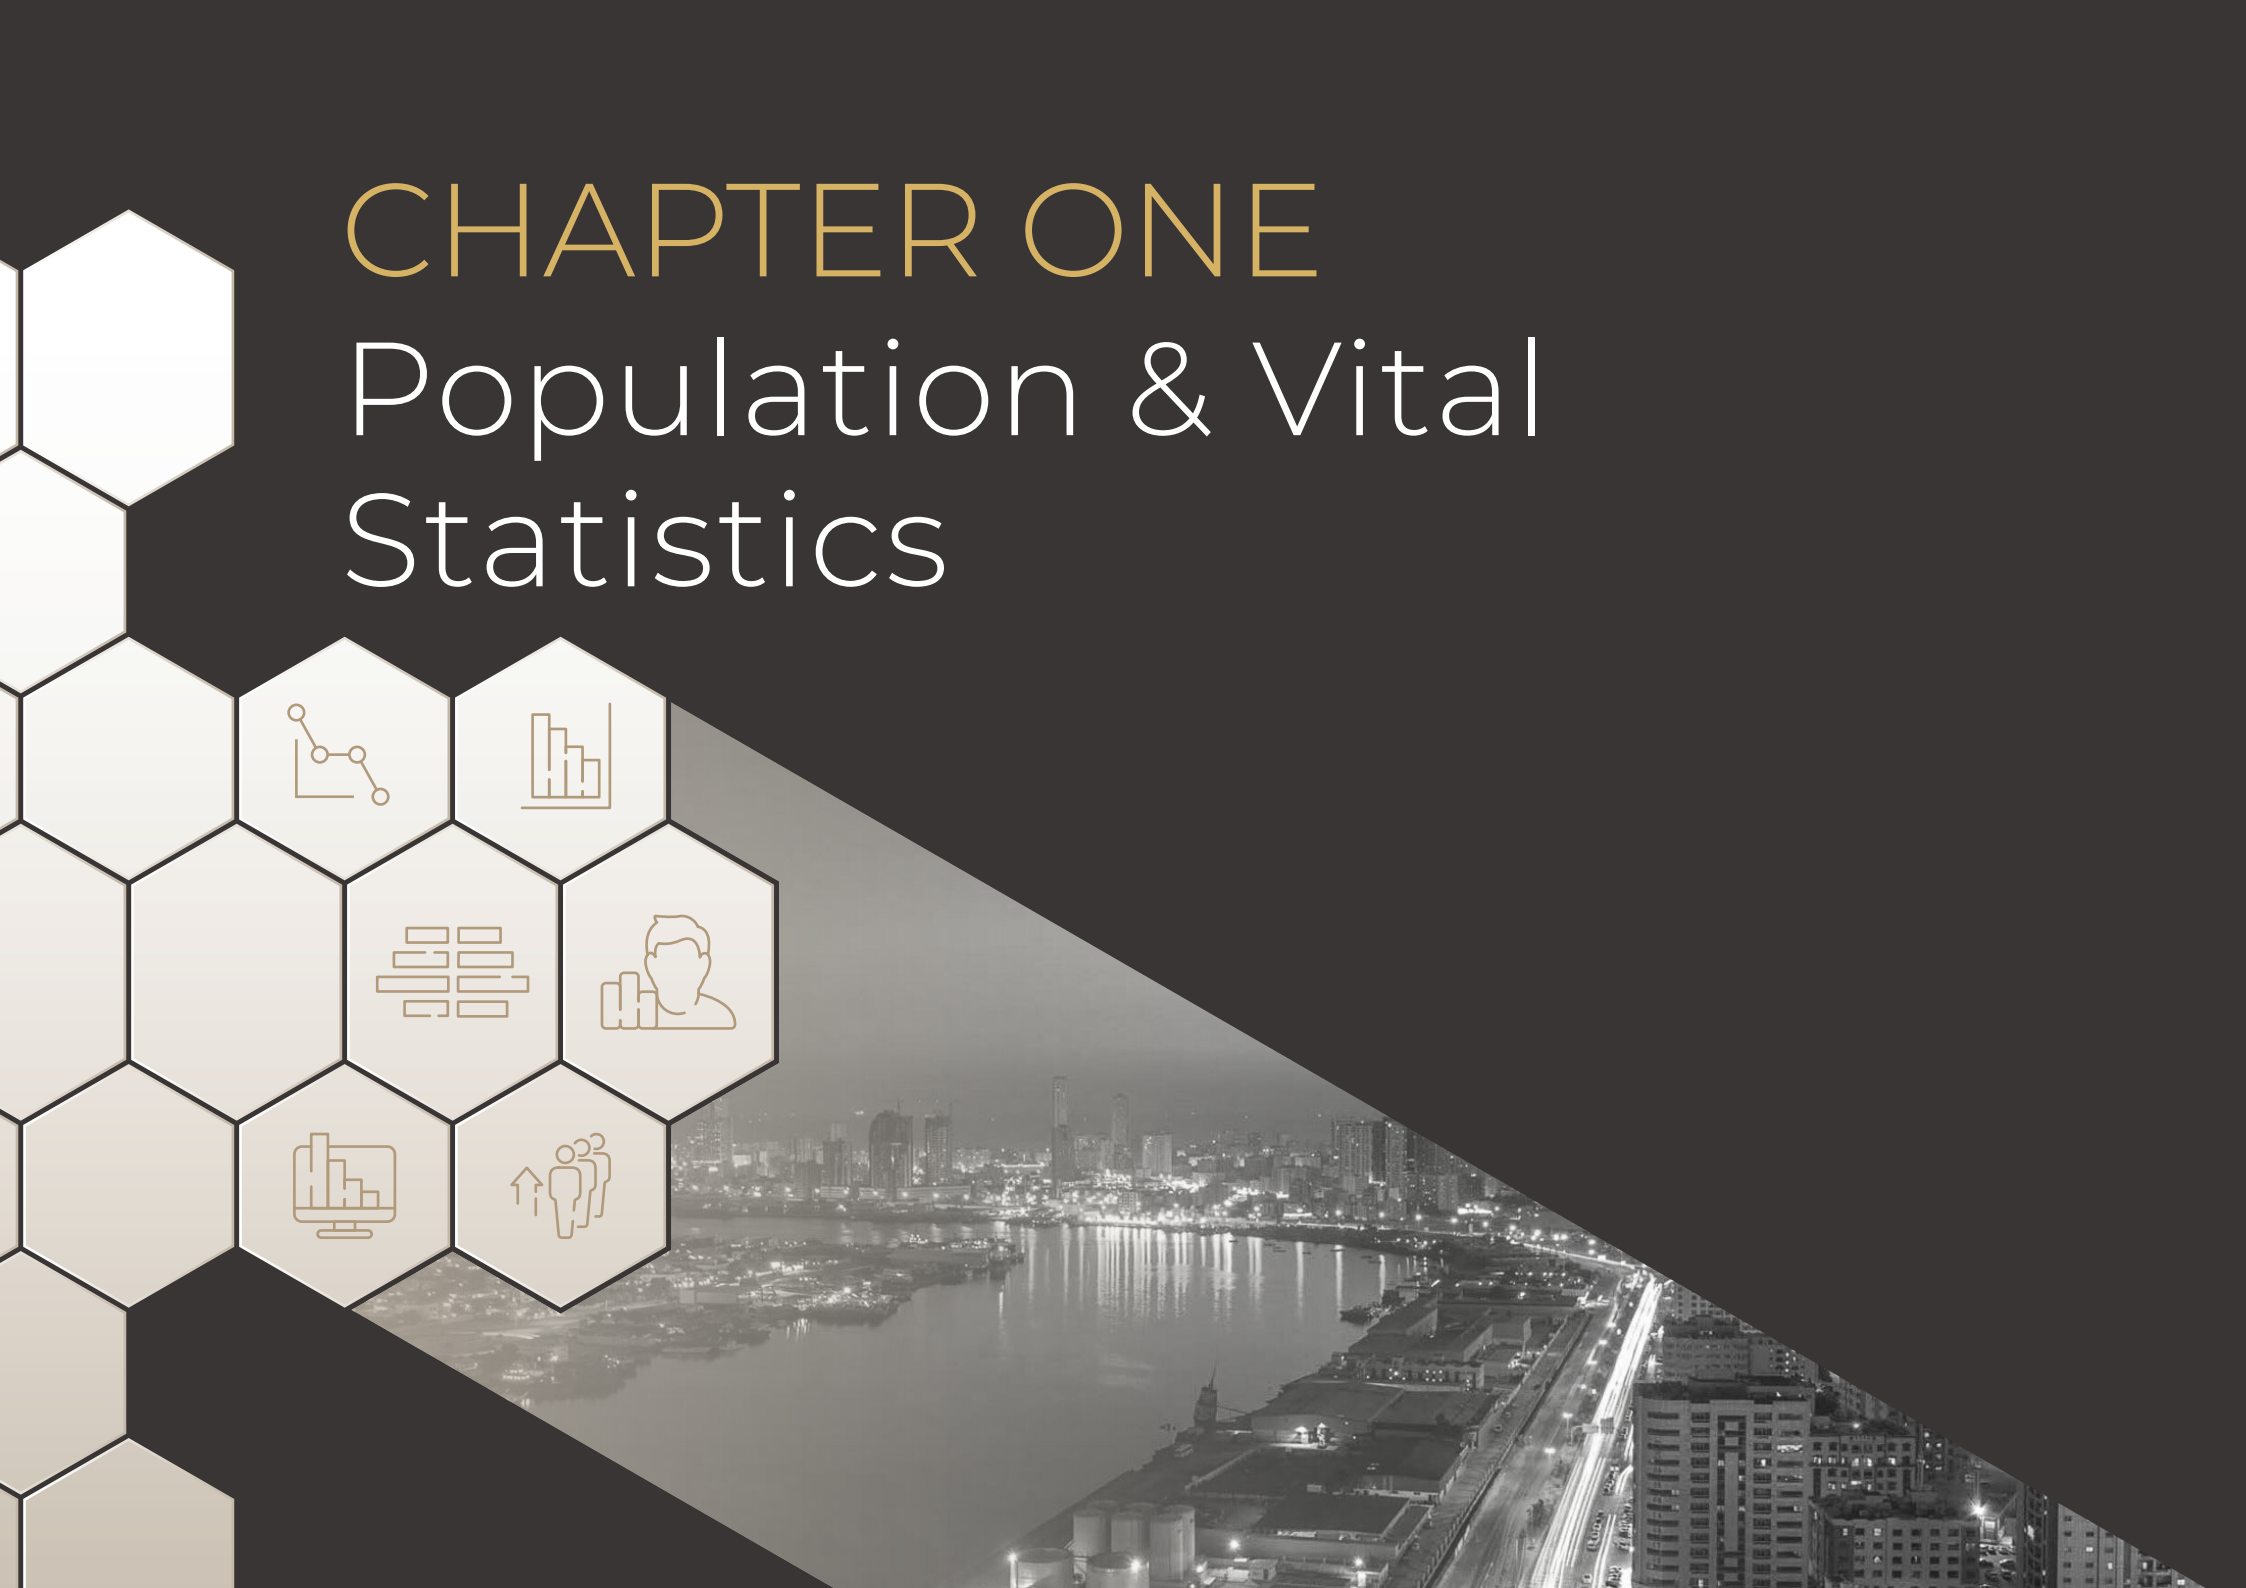

The Manama Region It is about 60 KM far from Ajman towards east. Along the road there is a route passing by sharjah and Fujairah Emirates. At Manama there is a level full of stones and sands. Manama area is characterized by the breathtaking nature where the high mountains are full of Magnesium and curium and building bricks. Its valleys are known to be very fertile and productive.
